Posted August 27, 2026

**Q1: What are the designated snow pile locations?**

A1: Majority of the snow is pushed to the west end and south side of the parking lot.

**Q2: What is the designated storage spot for equipment?**

A2: Various spots are available such as the northwest corner.

**Q3: List of equipment previously used for snow removal at this site?**

A3: Previous equipment used but not limited to the same: Front end loader, one ton dump truck, bobcat with snow pusher, snow shovels and salt spreader

**Q4: Is ice melt required/authorized to be used on the floating docks?**

A4: Contractors are not required to use ice melt on the floating docks.

**Q5: Previous contract price for deicing?**

A5: Historical pricing for deicing should not be factored into calculating future costs.

**Q6: Previous contract price for each accumulation range?**

A6: Historical pricing for snow accumulation ranges should not be factored into calculating future costs.

**Q7: What are the business hours for the Jodrey State Fish Pier?**

A7: Jodrey State Fish Pier operates 24 hours a day/ 7 days a week.
